APPLICANT'S DECLARATION

I, Andrew Kells, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001, and that such willful false statements may jeopardize the validity of the application or any resulting registration, declare and state the following:

1. I am currently Vice President, Innovation and IP of Applicant and I am authorized to make this Declaration on its behalf.
2. As requested by the Examiner, attached hereto as Exhibit A is a copy of [fact sheets, instruction manuals, brochures, advertisements] and a pertinent screenshot of applicant's website as it relates to the goods in the application.
3. Applicant responds to the Examiner's question as follows:

a. Do applicant's competitors use the word "skins" to describe or identify gloves? Applicant is not aware of any of its competitors that do so.

b. Is the word "skins" a term of art in the medical field? Applicant is not aware that it is.

Date: 26th July 2019

PRODUCT DESCRIPTION

Brand Name / Description	SKINZ™: Non-Sterile Powder Free Nitrile Examination Gloves
Intended Use	A patient examination glove is a disposable device intended for medical purpose that is worn on the examiner's hand or finger to prevent contamination between patient and examiner
Product Conformance	ASTM D6319 current revision as per Customer requirement
Material	Nitrile (Carboxylated Acrylonitrile Butadiene)
Color(s)	Blue, Black and White
Type	Ambidextrous
Surface finish	Finger-textured

SPECIFICATIONS

Dimension	Size	Palm Width (mm)	Length (mm)
	XS	75 ± 5	≥ 230
	S	85 ± 5	≥ 230
	M	95 ± 5	≥ 230
	L	106 ± 5	≥ 230
	XL	115 ± 5	≥ 230

Thickness	Single-Wall (mm) Specification	Typical Value
Palm	≥ 0.05	0.05
Finger	≥ 0.06	0.07

Physical Properties	Un-Aged Specification	Typical Value	Aged Specification	Typical Value
Tensile Strength (MPa)	≥ 14	25	≥ 14	25
Ultimate Elongation (%)	≥ 500	600	≥ 400	600

Residual Powder	2.0 mg / glove maximum
------------------------	------------------------

Quality Specification	Inspection Criteria	Sampling Plan / AQL
	Dimension	S2 - AQL 4.0
	Physical Properties	S2 - AQL 4.0
	Water Tight Test	G1 - AQL 2.5 (Multiple Normal Sampling)
	Visual Inspection - Major	G1 - AQL 2.5
	Visual Inspection - Minor	G1 - AQL 4.0
	Residual Powder	n = 5 (Average)
	Packaging Labeling	n = 5 (Accept No Defects)
	Glove Physical Counting	n = 5 (Accept No Defects)

PACKAGING CONFIGURATION AND LABELING

Packing	Gloves per Inner Dispenser (by weight) is per customer requirement (e.g. 200/250/300) gloves. 10 Dispensers per Outer Carton.
----------------	---

Labeling	The dispensers and outer cartons shall have the following information/prints: <ul style="list-style-type: none"> • Product Description and Brand including size and net quantity of gloves. • Country of Origin of Manufacturer and Name and Address of distributor. • Single Use Only and/or the Symbol for Single Use and Non-Sterile.
-----------------	---

Lot Numbering System	Per the customer's requirement or in house as per packing SOP. Manufacturing and/or expiry date where applicable.
-----------------------------	---

Dear Customer —

YTY is excited to launch a revolutionary new product named **Skinz** which, at 2.5 grams, is the lowest weight, medical-grade Examination Glove in the world!

In creating Skinz, YTY was guided by its core principles: to engineer an Examination Glove with prudent **barrier protection**, stand-out levels of **comfort** and **fit**, and exceptional **physical properties**. With Skinz, we have achieved all of these targets. Donning this truly revolutionary glove feels like you have put on a second skin — it is that amazing!

Skinz has been perfectly formulated through a proprietary composition to allow for high-speed manufacturing, and will be offered with the same guarantee of quality that YTY is known for within the industry.

Notable features of Skinz include:

The World's first 2.5g disposable glove to be produced consistently in a high-speed environment	Excellent barrier properties , with no compromise on quality whatsoever
Offered as Medical-grade , conforming to global medical-grade AQL requirements	Enhanced tactile sensitivity given the reduced thickness profile
Conforms to the US ASTM standards in respect of all requirements	Increased dexterity leading to less hand fatigue, given its unique formulation

Skinz is **supported with a valid US FDA 510k**, which means orders can be placed as soon as you are ready to take it to market with your end-customers.

Skinz is ideally positioned for environments where:

- A **more cost-effective** hand-protection solution is needed;
- A **differentiated branding strategy** is desired to ensure existing brands are appropriately segmented;
- Opportunities exist to **upsell against Vinyl gloves**, thereby providing a vastly superior product with minimal extra spend; or
- A lower cost of entry is desired for **specific emerging markets**.

**Palm (DW):
0.10 mm**

**Tensile:
> 25 MPa**

**Elongation:
> 600%**

Samples will be available at MARGMA 2018. YTY is exhibiting at the **West Wing, Booth W89**. Please stop by and see how YTY is reinventing the concept of a thin-weight Nitrile glove. Again.

Sincerely,
YTY Group
