### MigrateApp -

Download the App to shop for houses, neighbors and a Realtor® who will represent you for a monthly subscription.

Migrate™ is a Buyers and Neighbors Listing Service whereby buyers can save money purchasing houses on subscription versus commissions. \*Sellers contract to pay a \$0 Listing agent commission, and if sold by a broker representing a buyer on subscription in the Migrate Network, a \$0 Buyers Agent Commission.

For buyers: Your monthly subscription fee contracts a full service Realtor. This app unlocks the opportunity to bid on properties unavailable in your price range as our sellers do not have to pay a commission to our buyers.

For Sellers: Your Migrate subscription contracts a full service Realtor to sell your house. Our service syndicates your listing to the local MLS and all the major real estate websites. What will you miss from a traditional real estate agent? Nothing! Because we are traditional real estate agents that offer a monthly subscription in contrast to a percentage commission model.
