# About Us

## **Line after line, year after year, more food and bakery manufacturers trust Benchmark Automation.**

At Benchmark Automation, our brand prides itself on understanding the food and bakery equipment industry solutions have earned a solid reputation for providing efficiency, reliability and low maintenance operation to some of the top food and bakery manufacturing industry's biggest players. At Benchmark, we're constantly redefining value because understanding your diverse challenges is just the beginning to delivering quality with every application.

As part of the ProMach family of brands, Benchmark Automation helps food and bakery manufacturers increase line efficiency by reducing downtime, product scrap, changeover, maintenance and sanitation time. Since 2001, Benchmark Automation has built a solid reputation on delivering superior product handling solutions and responsive customer support focused on high-performance, usability, and low maintenance.

*Honest, responsive, reliable.*
