Windows Defender Firewall has blocked some features of this app

Windows Defender Firewall has blocked some features of Z-Net Configuration Tool on all public and private networks.

Name: Z-Net Configuration Tool

Publisher: J-Tech Digital, Inc

Path: C:\users\sales-1\downloads\z-net configuration tool\v8.3.9.1\z-net configuration tool.exe

Allow Z-Net Configuration Tool to communicate on these networks:

☑ Private networks, such as my home or work network

☐ Public networks, such as those in airports and coffee shops (not recommended because these networks often have little or no security)

What are the risks of allowing an app through a firewall?

Allow access   Cancel
