Radically Easy

Simply keep selecting the most interesting image to discover totally new images. Infinitely new random 'children' are made from each image. Artbreeder turns the simple act of exploration into creativity.

Wildly different

Make images by mixing any Artbreeder images together. Mix a Maltese with a bubble or anything you can imagine.

Speedpaints with @Artbreeder

I love that you can create variations of the initial results that spark an interest. Here I'm compositing a few similar results with minimal painting over top. Can't wait until the day I can input my own work/kits :)

Bay Raitt
@bayraitt

Artbreeder is a nuclear powered pencil.

have a spin remixing some of mine here:

TELTHONA
@telthona

I generated bunch of concepts with new AI powered website - it's the best AI app that I tried so far! It's amazing for creature exploration, mood thumbnailing and more ❤️ finally AI that I can truly use in the creative process! ganbreeder.app #Aimakesart #ganbreeder

Massively Collaborative

Any shared image can be used, edited or mixed. Creativity is driven by collaboration and Artbreeder brings this to a new level by being a single place for sharing and creation.

Infinitely Inspiring

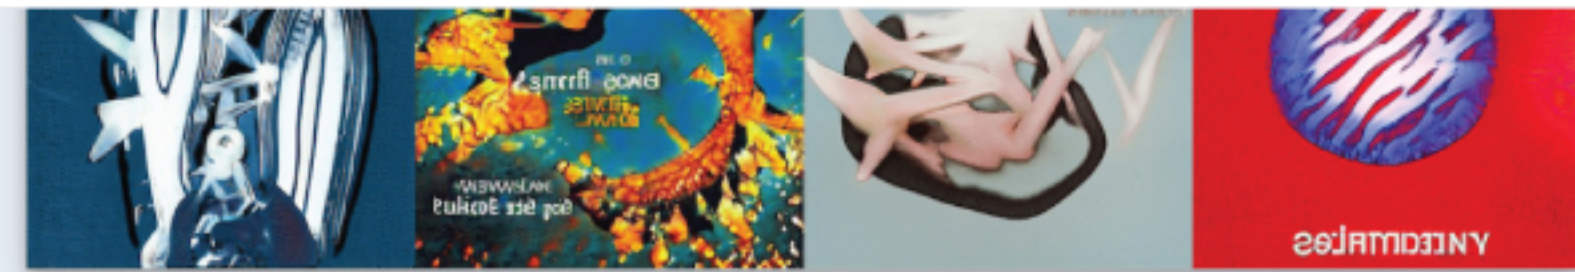

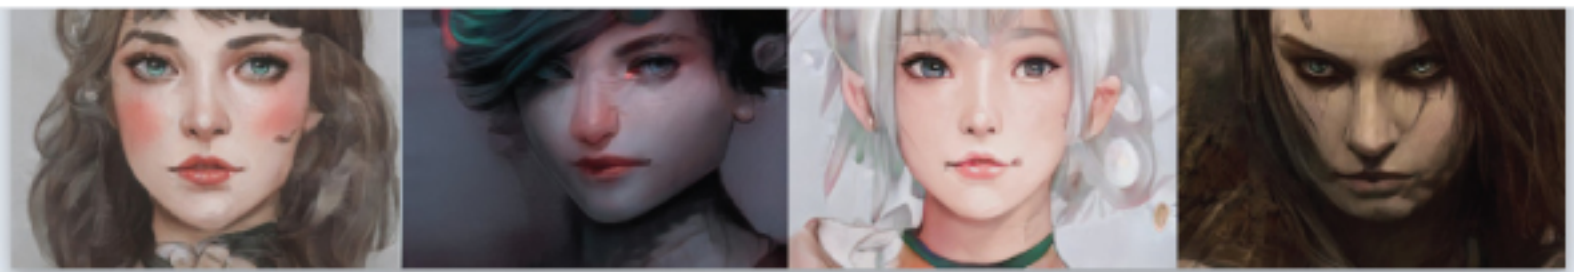

Working on concept art, fashion, jewelry, or something else? Let your discovered images inspire you.

You can create...

Portraits

Album Covers

Landscapes

Anime Portraits

...and much more!
