Beginning Friday, bettors will be able to place their wagers at DraftKings' first retail location in Mississippi.

DraftKings has partnered with Scarlet Pearl Casino in D'Iberville to remodel the resort's existing PRL Bar into a multi-screen betting and social destination for sports wagering.

The new DraftKings at Scarlet Pearl Sportsbook will offer a customer experience that includes the ability to wager on dozens of sports. In short-order, patrons also will be able to take advantage of live, in-game betting at three windows, offering them a variety of ways to place their bets.

DraftKings plans to introduce on-site kiosks and an on-premise mobile app once regulatory approval come through.

"We are excited to introduce DraftKings, a new way to game for our current and future guests,"
