ARGUMENT

Section 2(d) Refusal – Likelihood of Confusion

The Examining Attorney has maintained the refusal to register Applicant's mark on the ground of a likelihood of confusion with U.S. Reg. No. 5444187. However, as demonstrated by the assignment attached as **Exhibit A** evidencing the chain of title, Applicant is now the owner of the cited registration. As further evidenced in Exhibit A, these documents have been recorded in the Assignment Recordation Branch. Applicant respectfully submits that this ownership change obviates the § 2(d) refusal. *See* TRADEMARK MANUAL OF EXAMINING PROCEDURE § 812.01 (Oct. 2018).

CONCLUSION

In view of the foregoing, the Applicant believes the application is in condition for publication. Such action is solicited.
