Empowerment. Transparency. Sisterhood.

WHO WE ARE

While conducting research on Black women in leadership positions in higher education and the private sector, they discovered that many of the women they interviewed longed for more opportunities to connect with other Black women in positions of power and influence.

Recognizing that there is a real value in sisterhood, the sisters who created The Roaring Twenties LLC, a non-profit organization, committed to connecting Black women in various industries with a shared commitment to the following tenets:

- Advancing educational equity
- Building financial stability and advocacy
- Cultivating entrepreneurial skills
- Providing support and mentorship opportunities for young Black women
- Promoting educational, financial, political, and health-related best practices and strategies for Black women

It is an honor to be a part of this growing community and to help lead the charge in creating a more economically vital organization for Black women in the United States. Together, we can build our futures and the futures of Black women everywhere.

For all our efforts, we remain 100% Black women owned and managed. We promise to remain safe and transparent spaces for other Black women.
