## WiLife Channel Partner Program

### Introduction

The WiLife Channel Partner Program is a premium channel partner program that offers great margin-growing revenue opportunities for security resellers and IT resellers.

WiLife offers a digital video surveillance system that is targeted directly to homeowners and small businesses and perfectly fills a void experienced by many resellers and security dealers when the customer needs:

- The quality of a professional video surveillance system at an affordable price
- The appeal of a quick setup that doesn't depend on a hard-wired solution
- The benefit of remote viewing over the Internet
- A system that offers a reseller ongoing revenue streams with add-on cameras and accessories

### Program Benefits

- Margin enhancement for qualified resellers
- Reseller program support through dedicated Inside Sales Team
- Excellent Technical Support - dedicated line for high-performing resellers
- Easy purchasing and quick shipping from a national distributor
- Downloadable sales tools

### How to Join

**WiLife offers three levels of independent reseller participation.**

**Registered Reseller.** A quick and easy way to start building your business with WiLife products.

**Authorized Reseller.** This level offers product discounts (Margin Enhancements) and an improved level of reseller support to resellers able to commit to a minimum level of quarterly sales participation.

**Premiere Reseller.** This level offers even larger product discounts (Margin Enhancements) and our best level of reseller support. It also requires a larger quarterly commitment for the sale of WiLife products.

**Sign Up Now.** Click on the link to review program benefits and requirements and to sign up now as a WiLife Independent Reseller.

### Resources

A quick multi-media tour and helpful product information to quickly educate your sales team and customers about the professional features and ease of use of the LukWerks Video Surveillance System.
