ISABELLA SENT CHRIS

In 1492, Columbus was carefully selected to represent Spain's mission in the new world. To blaze new trails, discover new horizons. A true emissary.

Today, Emissary is a nationwide network of Clinical Research Associates providing clinical site monitoring and project management consulting. Our monitors have learned the ropes from years of experience and have the therapeutic skills you need. Our CRAs are people you would like to have on your own staff, so you can feel confident in the professionalism of every Emissary monitor.

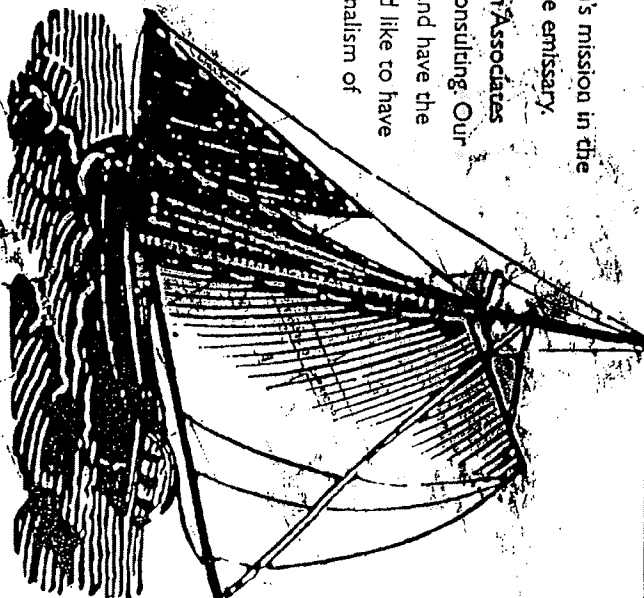

Whatever the protocol, when you can't be there yourself, send Emissary. You will be well represented.

Contract research organizations

Monitoring clinical trials is not child's play.

Inexperience can lead to project delays and unhappy investigators. At Emissary, our focus on quality monitoring is what sets us apart from other clinical research organizations. Our monitors' appropriate educational background, extensive clinical experience and effective communication skills makes the difference.

When you send Emissary, you will be well-represented.

**WHEN YOU CAN'T BE
THERE YOURSELF, SEND EMISSARY.**

Emissary is a nationwide group of experienced clinical research associates, providing clinical site monitoring and management. Our clients can access our CRAs directly to get answers to time-sensitive questions and first-hand knowledge of their study's progress. They enjoy the benefits of reduced administrative costs while gaining access to some of the best monitors in clinical development today.

Request our new brochure which outlines details about our family of support. And remember when you can't be there yourself, send Emissary — the Monitoring Group. You will be well represented.
