Tracking purchase data with your SuperFleet Card is easy and convenient. Fuel type, gallons pumped, price per gallon, and location are printed on store receipts and recorded on your Fleet Report. The magnetic stripe on the back of the card allows you to restrict products (fuel only, fuel and oil, no restrictions) and a pin number may be added for security. A monthly billing statement will be issued giving information about the transaction date, time, location, card number, and purchase amount. Your SuperFleet account will:

- Separate vehicle, driver, and/or department activity for quick analysis
- Track miles driven and miles per gallon
- Determine fuel cost per mile
- Reduce bookkeeping/accounting expenses

**Discounted Oil Changes\***

Use your SuperFleet Card at participating Valvoline Instant Oil Change Locations® and receive 15% off oil changes, parts, and service. Your discount will appear on your monthly statement.
