A must have!, March 20, 2005

I love this lash comb! It's so easy to use and works really well for me. Just be careful with it, you wont want anyone bumping into you when you are using this tool - the comb is really sharp!

Eyelash comb works but be careful!, October 27, 2009

Amazon Verified Purchase [\(What's this?\)](#)

This review is from: **Tweezerman Folding Eyelash Comb (Health and Beauty)**

This little folding eyelash comb works very well to separate lashes, but it's easy to poke yourself in the eye.

Dangerous, but useful

This comb works well for using between coats of mascara. Separates lashes really well. There are, however, a few major cons:

- hard to clean and must be cleaned often...

Best eyelash comb I have ever used, April 11, 2006

By [Cassandra Wolf "product princess"](#) (Phoenix, AZ USA) - [See all my reviews](#)

This comb is the best. It looks like it is made of my favorite eyelash separator- safety pins! It has very sharp tips, so be careful, but it will squeeze between my thick eyelashes easily. It is simple to clean all the gunk off, too, plus the teeth won't break off like with a plastic comb.

Glad I Bought It

I discovered this little gizmo on YouTube. Some beauty tutorial recommendation. The girl said it was the BEST lash comb ever, and she knew her makeup products.

Best Eyelash Comb I've Tried

The metal teeth seem quite a bit finer than most of the plastic eyelash combs, and they work really well to separate eyelashes and remove clumps of mascara. [Read more](#)

Eyelash Comb

I ordered 2 of these. Am happy with mine. Plan on giving the other to my daughter. Hope she likes it as well.

Layers of Mascara without Clumps or Stuck Together Lashes

This is a great product if you like applying multiple layers of mascara but don't want the "star-point" eye lash look. [Read more](#)

I love this product!! It's the second one I've owned.

I had my first one for years but a few of the needles came out and I couldn't get them back in. Thankfully I found another one, I couldn't live without it!!

Great concept, but...

it's a little flimsy. It doesn't want to stay open on its own and the metal teeth (which are very, very sharp) pull out of the base when you attempt to wipe them clean.

It Can't Be Beat!

My Mother was horrified when she saw me separating my lashes with a safety pin, yet that was my beauty "secret". I see I wasn't the only one to resort to this measure.

Best lash comb on the market!

This is the best eyelash comb on the market. Those little plastic ones they give away with makeup bags are completely obsolete. [Read more](#)
