**Cancellation Notice
Effective Date of September 20, 2005**

Hi Allen,

We are at a critical point with your membership status. **As a proud member since 1998**, you understand the strength and mark of integrity associated with being a BBB member. Your membership in the BBB places you among **businesses/community leaders** that are not afraid to stand up and state their commitment to integrity and ethical business practices.

Your commitment makes a very powerful statement and you should be very proud of your employees and management for their efforts to maintain that level of integrity and ethical business practices.

Just last year our office handled over 500,000 inquiries from consumers looking to do business with a BBB member, like your business. If just a few of these inquiries became your customer because of your BBB Membership, did your membership not pay for itself?

Can You Afford Not To Be A Member!!!!

Payment must be received in my office by 4:00PM on Sept. 20th. Membership will be subject to termination after that date. If full payment is a problem, we have the following payment plans:

- Full payment - \$465
- A 2-6 month, there is a \$10 additional charge, with the first payment due now and the second of due 6 months from your original billing due date.
- A 30-60-90 day plan, there is a \$10 additional charge.
- Monthly - direct withdraw from checking/saving account or credit card. Yours would be \$39 per month. Call for complete details

If you are planning to mail in payment, please allow 4 days to ensure it reaches me on time. If you would like, I could stop by and pick up your payment.

If you have any questions, please give me a call.

Sincerely,

Ralph W. Heffner, Jr.
