The second Concert for the Living Water will gather millions of people on 11-11-11. Participants in more than 70 countries worldwide participated in 2009, and are poised to make this 2nd LIVE H2O event even more historic.

People everywhere will unite musically to celebrate the healing harmony in Water and LOVE/528. 528, by the way, is the reason grass is green, and Water is wet, as both the sacred geometry of chlorophyll and the tetrahedron structure of Water depends on the

vibration of LOVE/528.

This unprecedented event will engage recording artists and audiences worldwide, celebrating Water and music played at 528 Hz. Everyone's focus will be on the heart-felt loving intention to co-create peace, health, and green technologies that can sustain civilization and protect our planet's threatened natural resources. All combined, our voices and music will resonate the oceans, rivers, lakes, and streams, including your blood stream, for the LOVE of it!

Co-creating Peace, Health & Abundance

Everything is possible with LOVE, faith, and people united in prayer! This 72-hour global event is designed to bring humanity back to unity and security in the name of LOVE, by celebrating Water.

There are three ways for you to participate: 1) Go to the nearest venue; 2) Create your own gathering with friends; and 3) Produce your own experience by praying for, singing about, or meditating on Water and World Peace.

That's right! Even if you are home alone, *everyone* is invited to celebrate LIVE H2O, especially during the 3 global prayers on Friday Night, Nov. 11, at 9PM, wherever you are; Saturday, Nov. 12 at noon, wherever you are, and Sunday, Nov. 13th at 6:30PM, wherever you are. So mark your calendar now, and tell *everyone* you know to do the same. Let's co-create a "Global Baptism" during the Greatest Spiritual Concert in History--all for the LOVE of Water!

Heart Connections

For 72 hours, human hearts worldwide will "marry" the "Universal Solvent" Water, using the "Universal Language" Music, to produce the "Universal Healer" LOVE. Celebrities, authors, film-makers, recording artists, spiritual teachers, and religious leaders from all cultures will be our guides gracing many stages internationally at venues adjacent many important bodies of Water.

For the second time in history, people worldwide will celebrate Water, and interact freely, singing, chanting, and praying together to produce urgently needed planetary redirection for sustainability. Geopolitics and economics cannot continue on a crash course to biocide and human extinction, so LIVE H2O is heralding available solutions to civilization's most pressing problems.

Choosing LOVE or Something Less . . .

The choice to engage, and contribute to, evolving consciousness and advancing solutions to myriad problems from environmental pollution to public health crises, has never been more pressing and positive. "You are either part of the problem or solution." During the LIVEH2O event millions of people are expected to participate broadcasting their hearts through their voices and retuned instruments. The unified vibration will transmit "hydro-sonically" the LOVE frequency of C=528Hz (A=444Hz) into the oceans, lakes, rivers and streams. The prayerful ""AH" chant" performed at local venues and in the online Temple of Sacred Sound, will travel around the world in waves, spreading hope and joy. This will carry our human family's heart-felt loving prayer for lasting peace, world health, and prosperity in all ways into the "Living Water" to actualize these outcomes.

The goals of LIVE H2O

To educate and spiritually uplift humanity to Water's capacity to cure what ails us in every way: environmentally, socially, politically, economically, and personally.

To herald practical solutions to civilization's nightmarish problems ranging from economic collapse, pollution and plagues, to energy shortages; all featuring Water—the "Universal Solvent"—with its musical hydro-electric superconducting capacity.

To co-create, with millions of people worldwide, an unprecedented celebration engaging recording artists, celebrities, science experts, and Water celebrants to learn, sing, dance, chant, tone, drum, and pray together for humanity's physical salvation and spiritual evolution.

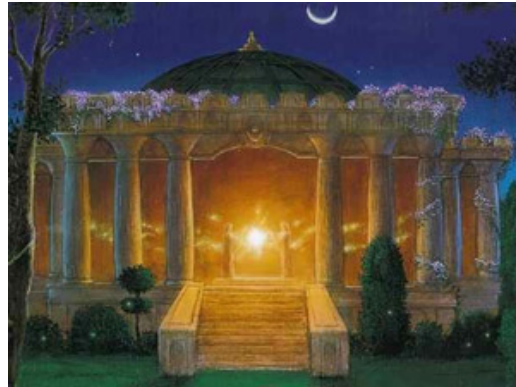

To promote preservation and restoration of Water's purity, peace on earth, world health, and universal prosperity ending poverty, starvation, dehydration, and curable diseases by applying the latest advances in Water science.

The Water worldwide is expected to become a virtual "LOVE potion," so to speak—a homeopathic vibrating liquid crystal of LOVE—that will be heart-felt by people everywhere whose bodies are, likewise, filled with Water. This "Global Baptism" will, according to Native and religious prophets and prophecies, will significantly advance our global village to harmonize with nature, ecological responsibility, and spiritual integrity.

Why we are asking musicians to retune their instruments to A=444Hz/C= 528Hz for LIVE H2O:

If you have ever felt the pure joy of true LOVE in your heart, you have felt 528Hz frequency. How do we know this? Our team comprised of many of the world's leading mathematicians and physicists have advanced sufficient evidence to make this claim. 528 is the reason grass is greenish-yellow—the heart of the rainbow. It is at, or very near, the heart of the "musical mathematical matrix of creation." This LOVE vibration harmonically resonates in your heart inaudibly connecting your spiritual essence to the spiraling reality of heaven and earth.

In fact, 528Hz frequency is fundamental to the laws of physics. Without it, you would not have circles, squares, sacred geometry, or organic chemistry. There is nothing missing or

Here you will learn what everyone seeks yet few find. Master musicians and vocalists experience it—Oneness with the Source of creation, creative genius, and endless inspiration. This concert is all about teaching you "to sing in perfect harmony" with the rest of humanity and ecology.

The creators of LIVE H2O pray that you will gain more than this lesson—a lasting experience of Water's majesty, within you, forever. There is a wealth of knowledge here on our website, so please take time to enjoy it....

broken in this loving perfection. When you are in it, you are in tune with your creative spirit, and everything just flows in perfect rhythm and rhyme. 528 cycles-per-second, math science proves, is central to Pi, PHI, and the Fibonacci series. This "LOVE tone" frequency, more than any other, epitomizes the unified field of musical metaphysics in the matrix of the spiraling fractal universe.

Apparently, our Creator uses this central broadcasting channel to musically conduct the universal symphony governing reality. Indeed, 528Hz is at the heart of everything. It is the difference between making love versus war; living in FAITH vs. FEAR (i.e., false evidence appearing real); and expressing your full prayer power. It is the central force driving bioenergy and longevity. It is the harmonic vibration of self-esteem or self-LOVE that lifts hearts and divine voices in heavenly harmony.

Join the prayers on the 11-11-11 weekend, and gain the "power of 528 to set everything straight."
