CONSENT TO REGISTRATION

Caldera Medical, Inc., a corporation of California, having an address at 5171 Clareton Drive, Agoura Hills, California 91301 ("Caldera") is the owner of the entire right, title and interest in and to United States Trademark Registration No. 4,084,143 for the mark TRELIS registered for:

- *Surgical implants comprising artificial material in Class 10.*

Caldera hereby gives its full and complete consent and approval to the use and registration of Trademark Application Serial No. 85/635,727 for the mark TRELIS, in connection with the following goods, or such similar descriptions of goods as may be required to be amended by an Examining Attorney in the U.S. Patent and Trademark Office, and as are approved by Caldera:

- *Tissue regeneration matrix comprising animal derma in the nature of implantable acellular periosteum replacement scaffold derived from biological tissue graft for human soft tissue repair, namely for repair of rotator cuff, patellar, Achilles, biceps, quadriceps, peroneal, posterial tibial, and other tendons in Class 5.*

Such consent is based upon the differences in the marks, the recited goods, the nature of the purchasers, and the channels of distribution. Consent is further conditioned upon Wright Medical Technology, Inc.'s agreement to not to offer surgical implants under the TRELIS mark.

The parties agree that if, in the future, either party is apprised of any evidence of actual confusion, mistake, or deception with regard to the respective use of their marks in the U.S., the party receiving and possessing such information shall promptly make the same available in detail to the other party. Thereafter, the parties, through their authorized officers, representatives, or attorneys, shall confer for the purpose of jointly considering such evidence and taking the necessary steps to eliminate such confusion.
