Why Plex Cloud - **Solutions & Industries** - Services - Customers - Company - Knowledge Center - Contact

With the Plex Manufacturing Cloud, you have a comprehensive and seamlessly integrated set of business solutions designed for manufacturers. We understand the quality-driven manufacturing environment, which is why we put the plant floor first – giving you a true look at your business. Come to the Plex Manufacturing Cloud to get the real-time truth about your business from your ERP system.

Automotive

With some of the toughest customers in the world, automotive manufacturers have gotten used to doing more with less – and the Plex Manufacturing Cloud gives them more power and flexibility with less overhead.

[Learn More](#)

Aerospace & Defense

Reduce the total cost of quality, speed up time-to-market and continually improve production processes. Aerospace and defense manufacturers are doing this and more in the Plex Manufacturing Cloud.

[Learn More](#)

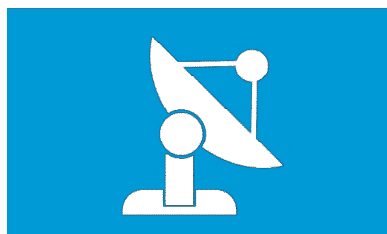

Food & Beverage

Food and beverage processors are faced with conflicting demands: improve safety while lowering costs; deliver quality and compliance while being first to market with new products; and do it all with fewer resources and lower budgets. The Plex Manufacturing Cloud can help.

[Learn More](#)

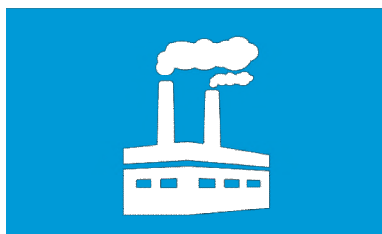

High Tech & Electronics

Innovate and win. Meet the pace of rapid product development. Manage complex supply chains with agility and cost control. Meet customer, regulatory and sustainability mandates.

[Learn More](#)

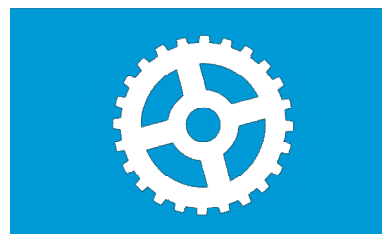

Industrial Manufacturing

Industrial-strength ERP delivers real-time information to drive continuous improvement. Gain greater efficiency, reduce waste and streamline production.
