Juliet (Ausjameson) was the first of David Austin's Cut Roses to be released and is sometimes known as the '£3 million rose'. After over fifteen years of intensive breeding, Juliet has the beautiful cupped rosette form of Old Roses.

Juliet has the lightest fragrance of our cut roses. Despite this, it is always one of the most popular of our cut roses, due to its sophisticated colouring and spectacularly beautiful rosette form.

The large, elegant blooms make Juliet utterly different from most other contemporary cut roses. When fully open, the blooms reveal many neatly-arranged petals nestling in folds within the heart of the bloom. The soft, peachy shades of Juliet are very versatile in arrangements, creating a feeling of warmth and romance.

We recommend Juliet for use in arrangements for the home, for weddings, commemorations, special occasions and for gift bouquets. Choose Juliet for its large, elegant flower heads with exquisite garden rose form and the highly fashionable colour.
