### Description

Experience a totally new way to share today. Snap a photo or a video, add a caption, and send it to a friend (or maybe a few). They'll view it, laugh, and then the snap disappears from the screen - unless they take a screenshot! If you want to share a Snap with all of your friends, add it to your Snapchat Story, where each Snap lives for 24 hours until it disappears, making room for the new.

The images might be a little grainy, and you may not look your best, but that's the point. It's about the moment, a connection between friends in the present, and not just a pretty picture.
