WHY

FEATURES

We find ourselves in awe of this little bear and are inspired by the paw prints he has left on this world for nearly 40 years... We've witnessed hysterical babies fall asleep within seconds when comforted by the authentic womb sounds. We've sent replacement bears, sound boxes, and SILKIEs by same day courier so frantic parents do not have to endure a night without "Mr. Bear." Grateful parents have credited our bear with saving their Baby's life while struggling in the NICU.

We hope your family enjoys our bear as much as the millions of other families around the world.

We answer to a good night's sleep™ The only thing more precious is sleep.

## POLAR Series

Our **POLAR** mattress combines the comfort of our memory foam with a moisture-wicking Tencel® cover made from Eucalyptus trees.

The unique structure of the TPolar® fiber used in the POLAR cover is known for its moisture management properties, allowing it to actually absorb moisture and transport it throughout the fabric promoting faster evaporation. This also means the fabric can naturally inhibit bacterial growth, for a healthier sleeping surface. These factors combined with the smooth surface of the fiber make this material a positive environment for healthy skin.

This mattress is composed of a 3" gel-infused memory foam on an 8" high resiliency foam core for a total of approximately 11"]

Made in the U.S.A., our foam is certified clean by two independent labs to be hypoallergenic, skin friendly, and non-toxic. As a leader in eco-friendly production, our foam contains a high quantity of soy bean oil to reduce the need for petroleum in our manufacturing process. We utilize only environmentally friendly products, free of harmful chemicals and odors which may be present in imported materials. All of our mattresses come with a **120 Day Risk Free Money Back Guarantee** and a **20 Year Warranty**.

## Product Description

### **The POLAR Series**

Our POLAR cover is made from Eucalyptus trees, utilizing an environmentally sustainable process. Since these trees grow quickly, they are rapidly replaced when cut. They also yield more fiber per square meter than conventional cotton, which makes this cover environmentally friendly.

This mattress has a medium/firm feel, but allows the memory foam to quickly conform to your body for pressure relief and support without sinking into the mattress too far.

- provides superior support
- ideal for scoliosis patients
- ideal for post surgical spine patients
- relieves pain
- absorbs motion
- relieves pressure
- eliminates roll together
- flip free
- cradles the body
- cushion for relaxation

## **ChiroSlumber Bedding is Made in the USA**

ChiroSlumber bedding is made in the USA using non-toxic, skin friendly, hypoallergenic materials. Our mattresses

have been certified clean by two independent labs.

## Why is this important?

As more and more consumers become aware of the benefits of memory foam mattresses, companies have jumped on the bandwagon producing cheap, inferior products which can be dangerous to your health. Many memory foam mattresses are manufactured in China in questionable environments and have been found to contain chemicals which have been banned from use in the U.S. Our bedding is made fresh to order with **NO HARMFUL** fire retardant chemicals added to our memory foam or our covers. The core of our mattresses contains FDA approved safe materials which are designed to meet all fire safety codes. Our mattresses feature the most technologically advanced pressure-relieving memory foam in the world. Created from years of testing and studies by the world's leading chemical company, BASF. They are manufactured in North Carolina, packaged in Tennessee, and made entirely in the U.S.A.

## The ChiroSlumber Story

---

ChirosSlumber was created by Dr. Richard Kind, a chiropractor in practice since 1986. Dr. Kind was frustrated with his inability to consistently recommend a mattress to support his chiropractic patients' needs. After extensive research, Dr. Kind developed a sleep system that provided a balance of proper spinal support and a restful night's sleep. In 2001, production began on the first ChiroSlumber mattress. Today's ChiroSlumber sleep system is the most technologically advanced, supportive sleep surface on the market! ChiroSlumber, a privately held LLC, has shown continuous growth and is recognized as an innovative leader in the healthy sleep market. Dr. Richard Ballard is acting CFO and Ron Kind holds the position of V.P. Sales. Dr. Kind continues to lecture to nationwide audiences of Doctors of Chiropractic, instructing them on the importance of sleep, sleep surfaces and mattress construction.

Rest Easy With The Slumber Sleeper

### More Views

The Slumber Sleeper® is the modern parent's solution to sleep. It is the most flexible sleeper allowing for the natural movement of your child at the exact stages of gross motor development while also providing your child with a safe, secure and peaceful environment that mimics parents touch.

The Slumber Sleepere is one of the best sleep aids available for young children as it comforts babies and children allowing them to sleep longer and safer. Recommended by Pediatricians, especially for younger children who have started to roll over in their sleep but cannot roll back, the Slumber Sleeper®, with its built in stretch fabric, regulates babies rolling so that they do not get stuck on their stomach in the nighttime. Once the child reaches the gross motor development stage then more movement in the Sleeper can occur as the child grows.

Product Description

Sleep position belt for sleep related breathing disorders: slumber bump is a very simple solution to a complex snoring ailment affecting millions. Studies have shown that the over 80 percent of the people suffering from mild to moderate snoring can see results from a positional based device like the slumber bump. Slumber bump effectively keeps patients who suffer from snoring while sleeping on their back by helping them to sleep on their side which counteracts

gravity and can help prevent the collapsing of the airway. Slumber bump sleep belts offer a non-invasive, affordable, and comfortable alternative to cap therapy for those with mild to moderate snoring concerns.

### Product Description

Slumberjack Latitude 20 degree Mummy Bag keeps cold OUT for sound sleep on camping trips! Get cozy in cool camping weather with the Latitude Mummy Bag from the seasoned outdoorsman at Slumberjack! This baby really keeps the chill off your body with sensational Slumberloft insulation, and a draft tube on along the zipper that doesn't let cold air seep in. Has slippery, soft polyester taffeta inside, too, for that "snug-as-a-bug" feel that's rare when you're roughing it in harsh conditions. Stuff sack included for easy carrying! Two-layer, off-set construction and differential cut prevents cold spots; Flip-over hood allows you to flip the hood inside out for a flat, or contoured feel; Draft collar prevents heat loss from neck and shoulder area; Anti snag zipper protection; Trapezoidal foot box provides space so feet remain in a natural position for enhanced comfort.; Short Right measures 74 x 30" and weighs 2 lbs., 15 ozs. (fill is 1 lbs., 12 ozs.). Fits up to 5'6" tall. Regular Right measures 82 x 32" and weighs 3 lbs., 8 ozs. (fill is 2 lbs., 1 ozs.). Fits up to 6' tall. Long Left measures 86 x 34" and weighs 3 lbs., 11 ozs. (fill is 2 lbs., 3 ozs.). Fits up to 6'6" tall.; Short Right packs to 9 x 17", Regular Right packs down to 10 x 17", Long Left packs to 10 x 18"; State Regular Right or Long Left. Stay nice and warm when outdoor temps dip down low! Order your Bag today! Slumberjack Latitude 20 degree Mummy Bag

Slumberjack sleeping bags are ideal for any outdoor escape and available in a breadth of temperature ratings. Our backpacking sleeping bags incorporate a proprietary G3 Fiber® insulation that compacts down while offering superior warmth to weight. The camping sleeping bags have a soft-touch liner that is welcoming to jump into and incorporate an integrated flip-out pillow pocket for added neck support and comfort for a cozy night under the stars.

The kids sleeping bags are versatile & functional, with features such as Go-n-Grow, sleeping bags specifically designed to expand along with your budding child. And our woodsman sleeping bags are rugged, dependable and downright comfortable, oversized bags with tough outer fabrics and soft-touch flannel liners.

## Pillows & Covers

No more flipping your pillow to the “cool side”. Our pillows & pillow covers are designed to regulate heat and moisture build-up, which means your pillow will stay cool and comfortable all night long.

We offer two solutions to your uncomfortable pillow situation. Simply zip a pillow cover on your existing pillow and you will be on your way to a cooler more comfortable night's sleep. Or upgrade your pillow all together. Choose from either a down or a polyester filling, both of which utilize the same Outlast® temperature regulating shell to keep your head and neck the perfect temperature.

Remember, you have 30 nights to try out your new pillow or pillow cover. If you don't love it, simply send it back for a refund.

### PRODUCT DESCRIPTION

The Slumber Wrap is a blanket that you can wear, as a blanket, or as a wrap that can be fastened around you.

Unlike traditional wraps, the blanket can be snapped and zippered closed, leaving your hands free to hold a book or mug, and your feet free to move from couch to fireplace and back. While lounging on the couch, you can snap the bottom closed to prevent heat from escaping near your feet. The snaps also keeps the blanket from slipping so it never has to be pulled back into place while relaxing, ensuring even, warmth. When not in use, it can be draped across a chair as a throw. The 100% polyester helps keep you warm and is easily machine washed and dried. 60" x 80".
