

# LUX Transcend

Integrate analytics faster and stay ahead of the curve with investment technology you can count on. LUX Transcend offers firms a turnkey solution, providing insights into performance and hard-to-access data while automating mundane tasks. It's time to raise the bar for business intelligence.

Serving as a firm's portfolio intelligence dashboard, dynamic data warehouse, and integration platform, LUX Transcend enables fast, informed decision making for business users across the investment industry. From managers, traders, and investment relations professionals to accounting, operations, and IT, LUX Transcend addresses individual hurdles for optimized performance.

## Explore Features

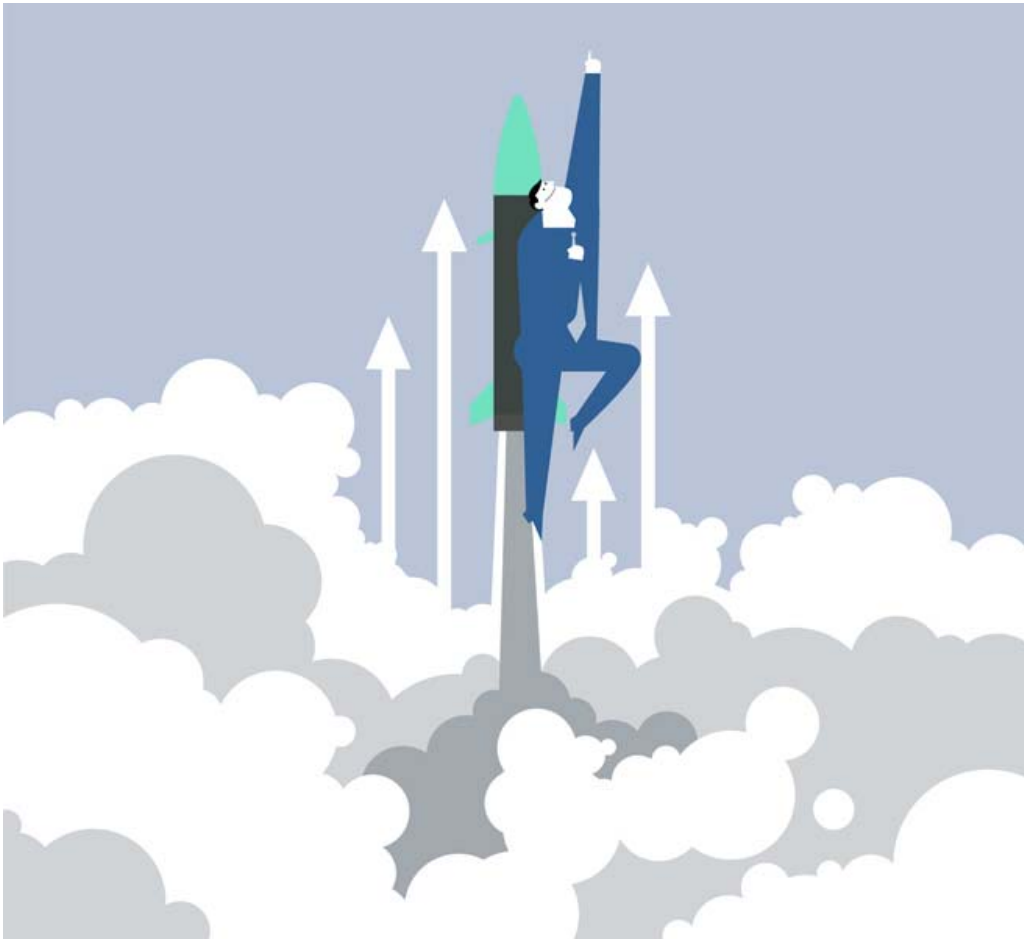

## Portfolio Intelligence Dashboard

LUX Transcend enhances the way investment firms utilize data, empowering business users to pinpoint the answers they need and make informed decisions in a fraction of the time. Our self-service platform offers users an intuitive collection of customizable tables, graphs, and performance metrics to help better identify insights and create actionable strategies. Now, with LUX Transcend's advanced technology, users can drill-down and explore existing portfolio data to evaluate exposure, liquidity, risk, and more.

LUX Transcend is:

- Adaptable for new requirements
- Cloud-based
- Mobile-friendly

## Investment Staff & Managers

Whether you're a portfolio or risk manager, trader, or analyst, you need performance data at your fingertips. With LUX Transcend, you can source and leverage otherwise inaccessible data while taking into account variables such as deltas/betas, outstanding shares, trade volumes, and more.

Boasting greater speed to market than similar platforms, LUX Transcend provides insights into exposure, performance, and risk in no time. Extract, rearrange, and customize the data for a visual that suits your needs.

Standard & Custom Attributes for Sorting:

- Sector
- Country/Region
- Market cap
- Strategy
- Issuer
- Client-driven custom attributes
