- **THE CHEAPEST FOR THE BEST EFFECTIVE.** Pills are also great products but more expensive. All of these products use the same chemicals.
- **SAFE FOR PET.** Pest control chemicals, which are similar in all pest control products, are safe for use.
- **OTHER USES.** If you do use pest control drops then you may also use the collar for short durations when you expect higher than usual contact with pests such as a visit to the woods or a farm. Collars can also be placed into vacuum cleaners to kill pests as you vacuum them up.
