RESPONSE TO OFFICE ACTION

In response to the office action dated October 17, 2018, applicant has the following comments.

It is first noted that the office has been searched and that no conflicting marks were found.

I. Listing of the Goods

The examining attorney has noted that "actuators" is not clear. Applicant has accordingly, as suggested, amended these goods to read "*electric actuators*".

The examining attorney has also noted that "electromechanical assemblies" is not clear. Applicant has accordingly amended these goods to specify the assemblies as "*electromechanical robotic components and prosthesis*".

In view of the above amendments, the list of goods is now clear.

II. Conclusion

In view of the above, the applicant submits that the application is in condition for approval for publication. The examining attorney is invited to contact the undersigned should any questions arise.
