With the upcoming release of Articles by Researchers I Respect and Trust enough to engage with, Video Interviews to be released FREE on YouTube (Along with a Free E-book), Discussion of a Disclosure Series on GaiamTV.com with David Wilcock, and planned "Skype" Interviews with Researchers as well as well-known Online Web Show Hosts creating a News Letter to keep people informed seemed to be an important and natural next step.

General

- **I get the impression you know very interesting pieces of information about Sanskrit. Any truth to the stories that it is spoken on some other planets?**
- To date [April 12, 2015] you say that there have been four sets of SSP conferences/meetings that you have attended. The first included 70 private civilians taken to the meeting on the far side of the moon. Did any of these attend the latter three SSP conferences/meetings?
- What do you know about the composition of these other 70 private civilians in terms of ethnicity, religion, professional status, etc.?
- Were any of them similar to you in terms of having earlier served with the SSPs?
- When do you anticipate others from among the 70 coming forward to publicly share their knowledge of the meetings?
- You say that the SSP/Sphere Alliance comprises the Space Warden SSP along with 5-7 secret space programs
