Features:

- Look good and feel good inside and outside the gym with these stylish workout clothes.
- Simple, clean design allows for easy mixing and matching with your favorite MEGA workout tank or cropped top.

There is a reason why yoga pants are so popular and a reason why this staple of female gym wear is worn for more than just working out. Like most high-quality women's long workout leggings, these black long workout leggings provide comfort and functionality, while accentuating your assets and all that hard work at the gym. MEGA's high-waistband yoga pants are perfect to wear for working out, as well as for those times you want to look good and be comfortable while running errands during the day. Our black long workout leggings can be mixed and matched with all of MEGA's cropped tops, tanks, and tees. Wear leggings that will help you take your game inside and outside the gym to the next level.
