### Description

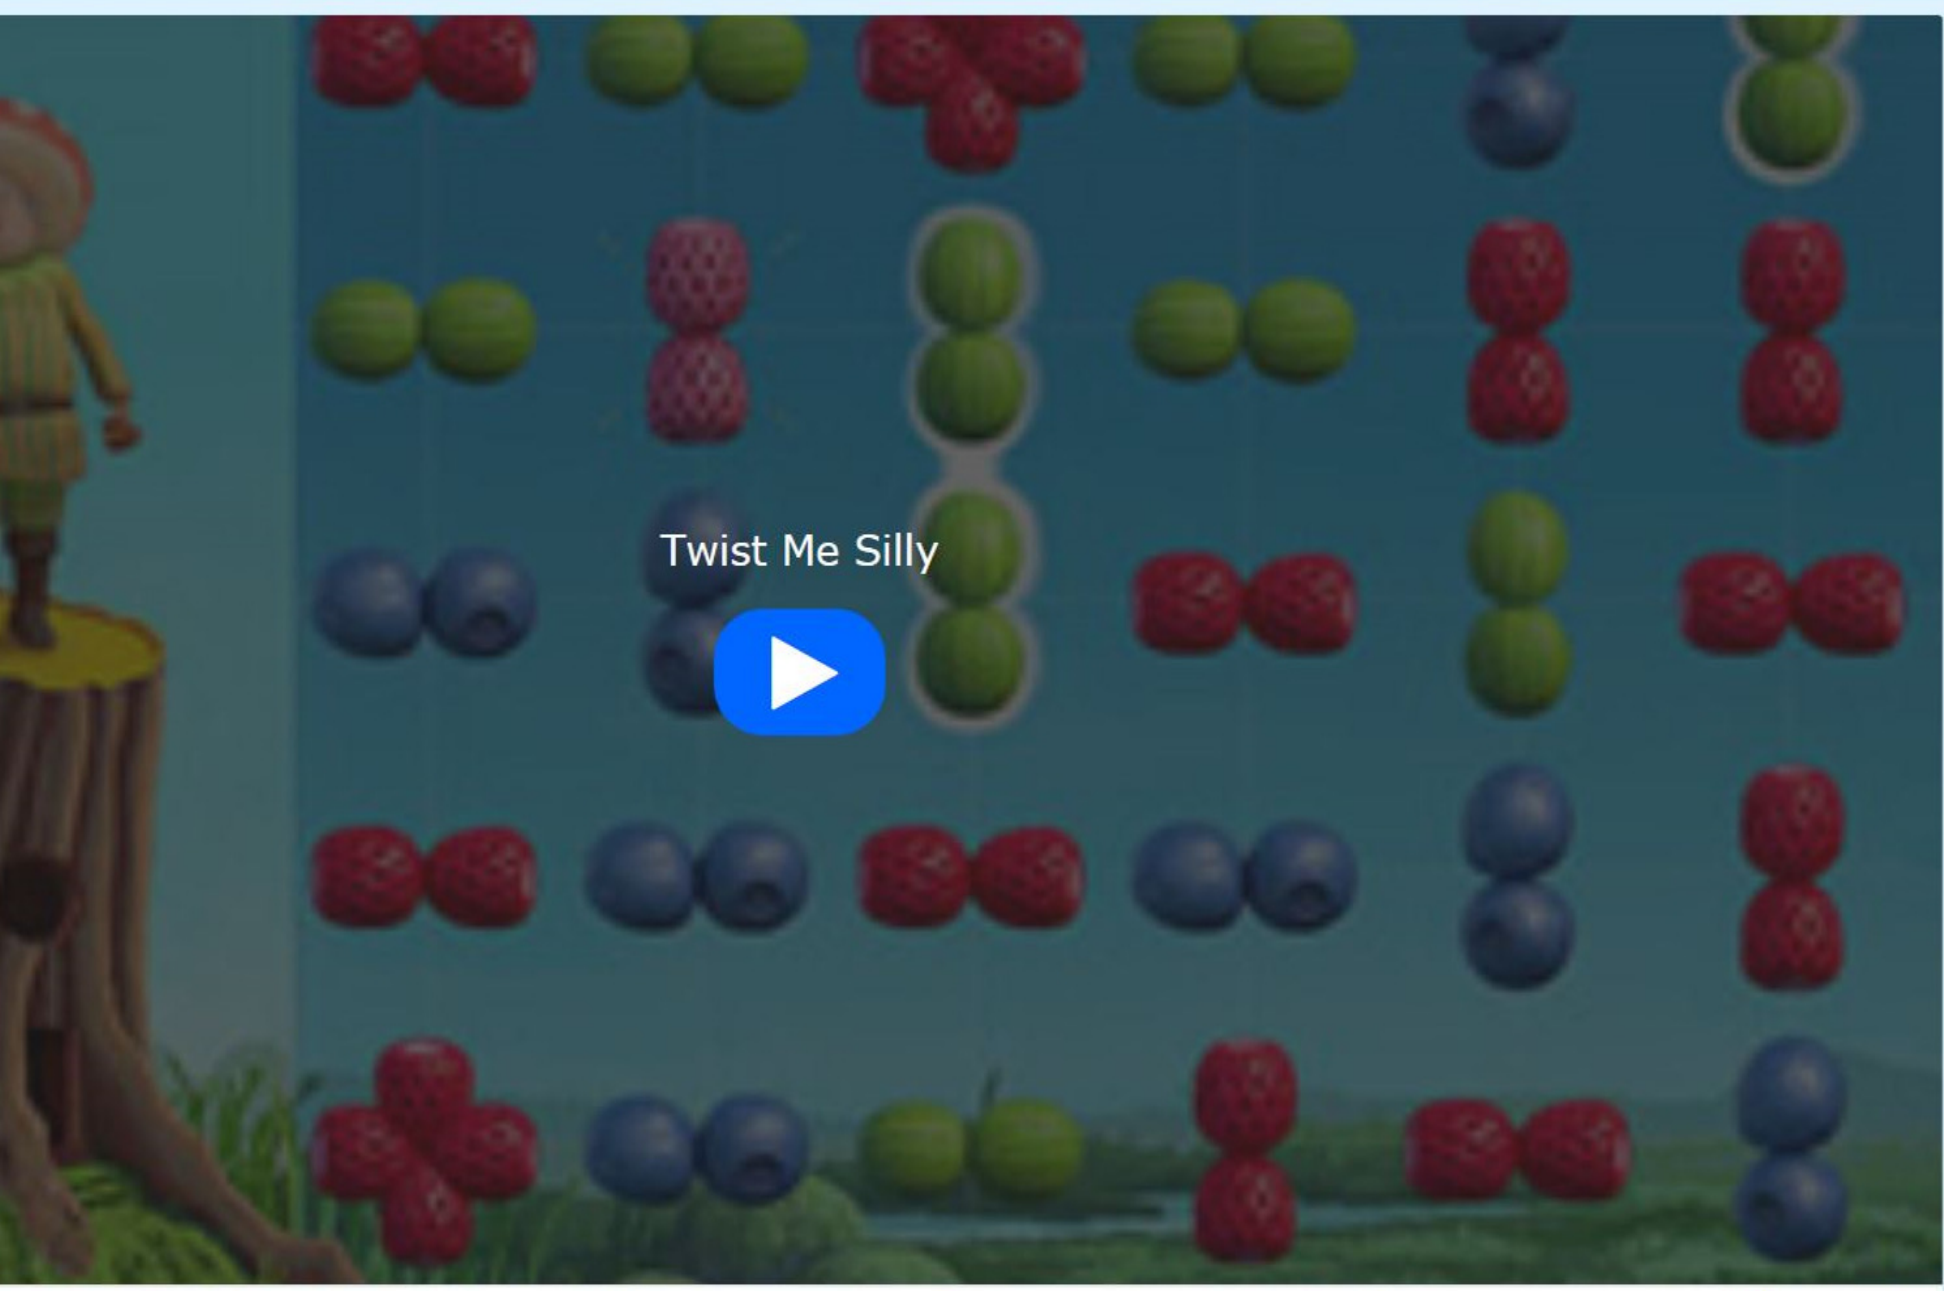

It's always silly season down in Uncle Berry's woods and he needs your help to gather all the tasty berries. All you have to do is connect three or more berries of the same colour. When you create long chains special berries appear, which will help you collect even more delicious berry treats.

### Instructions

1. Click on the berries to rotate them. Connect three berries of the same kind and – way-hay! – they'll disappear!
2. Make long chains of matches to create the special berries.
3. When you've cleared the required number of berries, you get to move on to the next level, where all berries cleared will earn you more points.
