- Provides opportunity to opt-out of double coverage on contracted production and/or**
- Provides flexible coverage by practice.**

MPowerD™ enables growers to lock in a high Market Price whenever it happens using a two trading-session look-back opportunity. MPowerD is the only product on the market that guarantees a minimum price for your crop 14 months before the crop is planted and 18 months before it is harvested. Premium is a fraction of option based contracts, no money due before harvest, no margin calls, no service fees, flexibility to set a minimum margin for up to 110% of the maximum acres planted in the last four years but only pay for the acres that actually get planted next year, ability to raise the minimum margin if prices move higher and much more.

RPowerD™ is a supplemental private insurance product, not part of federal crop insurance.
