Valves

Inch (/Products-and-Cad/Valves/Inch)   Metric (/Products-and-Cad/Valves/Metric)

Expand All   Collapse All

Air Pilot Operated (/node/5056)
(2, 3 and 4-Way valves with port sizes from 10-32 (F) up to 1/2 NPT.)

Manually / Mechanically Operated (/node/5061)
(Toggle, Push-button, lever, foot, hand, and cam types available.)

Solenoid Operated (/node/5066)
(Direct Acting, Single/Double Solenoid and Latching models available from 12 to 220 VDC.)

Flow Control Valves (/Products-and-Cad/Valves/Inch/Flow-Control-Valves)
(Flow controls offer metered flow in one direction, free flow in the opposite direction.)

Flow Control Valves

"700" Series (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/700-Series)
The "700" Series Flow Control from Pneumadyne features 10-32 (F) input & output ports.

Banjo Series (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Banjo-Series)
Banjo Flow Control Valves feature 10-32 UNF input and output ports.

Composite Body Inline Flow Control (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Composite-Body-Inline-Flow-Control)

Inline plastic flow controls are available with ¼", 5/16" and 3/8" OD ports

Double Flow Control Valve (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Double-Flow-Control-Valve)
The Double Flow Control Valve is ideal for controlling actuator extension & retraction speeds.

FCP Series (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/FCP-Series)
FCP series flow controls offer zinc die cast bodies with female threaded connections for hard piping.

FQP Series (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/FQP-Series)
FQP series flow controls offer zinc die cast bodies with integral one touch quick disconnect fittings.

FQPS Series (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/FQPS-Series)
FQPS flow control feature composite bodies with integral one touch quick disconnect fittings.

Mead Dyla-Trol™ In-Line (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Mead-Dyla-Trol-In-Line)
The unique construction of Dyla-Trol™ assures a perfectly tapering flow.

MFD MASC Series (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/MFD-MASC-Series)
High quality, high reliability, MASC series valves are flow control valves.

Mini Series (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Mini-Series)
The Mini Flow Control from Pneumadyne features a 1/8 NPT input and 10-32 (F) output.

Quik-Flo® Needle Valves (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Quik-Flo)
Quik-Flo® controls meter flow in and out, versus meter out for the other flow controls.

Right Angle Flow Controls (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Right-Angle-Flow-Controls)
Mead's right angle flow controls provide accurate, fast control of cylinders, and come in two styles.

Right Angle Flow Controls (with knob) (/Products-and-Cad/Valves/Inch/Flow-Control-Valves/Flow-Control-Valves/Right-Angle-Flow-Controls-with-knob)
Mead's right angle flow controls provide accurate, fast control of cylinders, comes in two styles.

Specialty Application Valves (/node/4716)
(Designed for various applications, including mobile equipment and safety.)

Valve Accessories (/node/5071)
(Valve accessories including manifolds, brackets, silencers, breathers, and more.)
