

## APPLE PIE MOONSHINE - 750ML

We wouldn't be an Upstate New York distillery if we didn't have Apple Pie Moonshine. At 40 proof, this dangerously delicious liquid doesn't taste like liquor. We use only fresh pressed NY state apple cider, pure unaged corn whiskey, real infused cinnamon and vanilla plus a little brown sugar to make our Apple Pie Moonshine. This farm fresh favorite will blow the lid off any moonshine jar imitator and truly shows off the rich agricultural heritage that New York State has to offer. Enjoy with friends at a party or bonfire but beware, she can sneak up on you!
