ABOUT US

Blue Mountain Cigars is a family owned & operated business dedicated to uncompromising quality and customer satisfaction. In April 1995 cigar connoisseur and entrepreneur Marvin Wright started a cigars factory with his wife Jacqueline.

Born and raised in Jamaica, Marvin was the son of an entrepreneur who grew tobacco. After completing his studies, Marvin moved to Cuba where he develop his own passion and appreciation for premium cigars, ultimately bringing him to Nicaragua.

Today in Nicaragua Marvin utilizes many of the old Jamaican traditions in cigars making, combined with many of the techniques and philosophies he learned from growers and master blenders Cuba.
