What is it about?

Z-Net is a free iPad app that enables touch control and live previews for Zenty's: ZT-IP200, ZT-IP300, and ZT-IP800 series of products. Efficiently control your video distribution, by just dragging and dropping your source to any display or video wall. Control video walls as a whole or as individual screens, with pre-configured scenes and layouts. Built in CEC power control lets you turn ON or OFF all of your displays, with the press of a button.
