RESPONSE TO OFFICE ACTION

I. INTRODUCTION.

In the Office Action dated April 25, 2019 (the "Office Action"), the applied-for mark was refused registration based on:

- Objection to the identification and classification of goods.

Applicant respectfully disagrees with the refusals, and based upon Applicant's response and amendments herein, Applicant requests that the Examining Attorney withdraw the refusal to register and approve this applied-for mark for publication.

II. IDENTIFICATION OF GOODS.

Applicant hereby amends the goods descriptions to International Class 9 as follows:

International Class 9: Detectors for detecting explosion events in a vessel, room or ductwork, in particular pressure sensors; Electronic data processing apparatuses; Explosion detection systems sold as a unit comprising a pressure sensor and a data processing apparatus for processing the pressure sensor signals; **Recorded** computer software for operating explosion detection systems, in particular for programming explosion detection systems and for downloading, investigating and analysing data from explosion detection systems; **Downloadable computer software for operating explosion**

detection systems, in particular for programming explosion detection systems and for downloading, investigating and analysing data from explosion detection systems.

The Examining Attorney said this proposed amendment would be acceptable during a telephone conference on July 23, 2019.

III. CONCLUSION.

In light of the arguments and amendments set forth herein, Applicant respectfully requests that the Examining Attorney publish the applied-for mark for opposition.

Respectfully submitted,

July 30, 2019
