

LEADERSHIP

John Bertagnolli
VP of Commercial Operations

John has over 25 years of experience in the contract manufacturing and pharmaceutical industries. This experience includes manufacturing group supervision at Kaiser Aluminum, strategic planning and outsourcing for Agilent Technologies, and leadership of Quality, Business Development and Project Management groups at Jubilant HollisterStier. Most recently, John was part of the global technical sales and Business Development team for the Aenova Group. John has a Bachelor of Science degree in Chemistry with an emphasis in Analytical Chemistry from Gonzaga University, and a Master's degree in Business Administration from Gonzaga University.

Patrick Haffey
Chief Executive Officer

Pat has spent his entire career working in sterile drug product manufacturing. He has held leadership positions in operations, project management, business development, and corporate strategy. He earned his bachelors in biology at Gonzaga University, and two MBA degrees from the University of California, Los Angeles, and the National University of Singapore.

Joe Herzog
Chief Financial Officer

Joe has 30 years of experience in business and capital formation, accounting, taxation, strategy, and operations. He has held the position of CFO for multiple companies in the biotechnology, manufacturing, and venture capital sectors, and serves on several corporate and charitable boards. Joe earned his BBA at Gonzaga University.

Mark Roberge
VP Head of Quality

Mark has held leadership positions in Quality Control, Quality Assurance, Operations and Process Development for manufacturers of sterile injectable products. He received his bachelor degree at Washington State University and his PhD in chemistry from the University of North Dakota.
