GORDON RAMSAY TEACHES COOKING IN RESTAURANT RECIPES AT HOME NEW CLASS

XP 1) An emotion, with one's eyes crossed and tongue sticking out. Obviously this means "stunned." 2) The most recent edition of the Windows OS, recognizable by the GUI that looks like it was made by Facebook, and the code that was probably written by same. The OS was named for solid emotion. 3) Short for Experience in many RPGs. Variant of EXP. by jiaXue September 15, 2003

XP An abbreviation for "experience" in the context of role playing games, usually given in a point value and used to determine a character's level. by Grimreider November 27, 2002
