

# EVERY DAY SHOW PRODUCTS – CONTINUED

## Rite Factor for Sheep and Goats

Available in 5.75lb and 23 lb bucket

Rite Factor is a natural, alfalfa based, drug free supplement for show goats and show lambs. This unique product incorporates innovative technology to insinuate the traits which are important in the show ring. Feed at the rate of 4 ounces, by volume daily.

## Gut Candy

Available in 10lb or 25lb bucket

Gut Candy is the best product of its kind! It helps condition the digestive tract while also providing critical bacteria, enzymes and micro-flora for optimal digestion. Gut Candy helps you gain a show ring advantage by allowing you to push them harder, hold them better, and get them dialed in at just the right time to hang that banner. Feed per head per day at the rate of 2-3 ounces for hogs, 1-2 ounces for sheep and goats, and 3-4 ounces for cattle.

## Rite Factor Multi Specie

Available in 22.5lb bucket

Specifically formulated multi-species supplement, incorporating innovative technologies to help improve important traits needed in today's show ring. Designed to develop your show animal on a cellular level, Rite Factor fed animals consistently out-perform the competition. Feed 4 ounces by volume daily to Cattle or Hogs.

## DED On

Available in 10lb or 25lb bucket

This yeast based meal product is designed to help animals become more efficient at digesting feed by virtue of having a digestive system environment which is more conducive to better enzyme and bacterial development. DED On also improves the physiological functions performed by the animal which makes for an improved Show Ring look. Feed daily per head at the rate of 1-2 ounces for hogs and cattle, and 1 ounce for sheep.

## Ante Up for Sheep and Ante Up for Goats

Available in 5lb, 15lb, or 35lb bucket

Ante Up Mineral is available in two different formulas; Sheep and Goats. Ante Up is a high quality mineral which helps to pick up the slack for the extra demands placed on the animal; physical exercise, stress of learning to show, leading, bracing, frequent hauling, changes in temperature (which is further exaggerated by clipping/shearing), etc. Feed at a rate of 1 oz to Goats and 1/2 oz to Sheep.

# MAKE TODAY MATTER!

*Our goal is to allow our clients to have more success in the Show Ring, and to make exhibiting livestock a more enjoyable family experience. We do not take for granted the trust our clients put in our products, expertise, nor the relationships we build. We encourage you to reach out to us so that we may become an even more integral part of your future success.*

# SHOW DAY PRODUCTS

### Attitude Adjustment

Available in 60cc tube

Attitude Adjustment is a paste product that will settle the effects of stress an animal undergoes during every part of the Stock Show experience; sale prep, breaking to show, grooming/clipping, hauling, etc., allowing the animal and showman to concentrate on the task at hand and to work together without any lethargic appearance. Use one hour prior to entering the show ring at the rate of 15-20cc for sheep and goats, and 30cc for cattle and hogs.

### 3 Hrs Out Paste

Available in 15cc tube

This is a truly innovative, electrolyte based paste that is easy to use, and gets REAL, VISIBLE results. 3 Hrs Out helps the animal utilize the energies in its body to allow the animal to express true muscle shape and dimension in the Show Ring. Administer the entire 15cc tube 3 Hours before they hit the Ring.

### Gold Dust

Available in 8oz. packet, 5lb or 10lb pail, and 80cc paste

Time Tested & Banner Approved! Gold Dust is the premier product for show stock. It's been used to hang banners from coast to coast and border to border on ALL species; Cattle, Goats, Hogs & Sheep! Use it as a drench at Shows, or to supplement a reduction in feed to control bellies. This is a MUST have for every showman and show stock producer.

### Gut Candy Paste

Available in 100cc and 300cc tube.

Gut Candy Paste is the best of both worlds; the best gut product in a convenient and easy to carry tube. This is a must have for every Show Box! Gut Candy Paste works in the most extreme cases when the stress of moving into a Show with new surroundings, different weather, and chaos is typical. Give 10cc to 15cc twice a day for Sheep and Goats and 15cc to 20cc twice a day to Hogs and Cattle.

# EVERY DAY SHOW PRODUCTS

### TX T

Available in 1 gallon jug or case of 4 - 1 gallon jugs

TX T is a liquid supplement for Show Animals which provides vitamin and mineral supplementation as well as energy. The energy is what makes this product truly unique. Most competitive products contain a lot of calories; generally from fats which can hinder overall digestion. TX T utilizes a proprietary blend of sugars, starches and carbohydrates, which are easier on a digestive system than fat.

New Product!

Feeding Rate: Sheep and Goats 10cc to 15cc twice daily, Cattle 4 oz to 6 oz twice daily, Hogs 1 oz to 2 oz twice daily

### Big Wig

Available in 10lb or 20lb bucket

Big Wig is a one of a kind product that does not contain melatonin. As a result, they won't ever 'shuck' their fluff. Big Wig works on a cellular level to give the animal the extra look that judges and fitters will love. Feed at the rate of 2 ounces per day for cattle, and 1 ounce per day for sheep and goats.

### DED HED

Available in 10lb or 25lb bucket

DED HED is designed to be an affordable "every day feed supplement" version of Attitude Adjustment. It is ideal for those tightly wound, high strung genetics that make great show animals. This product is not a replacement for Show Day use of Attitude Adjustment, but it is designed to be safely fed for long periods of time while continually making the animal more manageable. Feed in the morning at the rate of 2-4 ounces for hogs, 2-3 ounces for sheep and goats, and 3-5 ounces for cattle.

### BigFoot Cattle Mineral

Available in 35lb bucket

A unique product designed specifically to help develop a full free range of motion on the feet and legs of cattle. After a period of time the range of motion improves as does the authority with which the animal walks. All of this leads to your project making a statement just by the way they strut into the ring. Feed at the rate of 4 ounces per head per day.
