

RESPONSE TO OFFICE ACTION

Responsive to the Office Action dated March 13, 2019, the period for responding set to expire September 13, 2019, the Applicant responds as follows:

REMARKS

Applicant is pleased to note that the Examining Attorney's search of the Office records uncovered no similar registered mark which would bar registration under Trademark Act Section 2(d), 15 U.S.C. Section 1052(d). The Examining Attorney has indicated, however, that should U.S. Application Serial No. 87920443 proceed to registration, Applicant's mark may be refused registration. In response, Applicant notes that it appears from the USPTO's TSDR database that the prior pending application will be abandoned in due course for failure to respond to a Final Office Action. Accordingly, Applicant requests that this potential citation be withdrawn at this time.

The Examining Attorney has further indicated that the identification is indefinite and must be clarified. Accordingly, Applicant is amending its identification substantially adopting the suggestions of the Examining Attorney.

Accordingly, it is submitted that the present application is fully in condition for publication. Further and favorable action passing the present mark to publication for opposition purposes is earnestly solicited.
