

## WHO WE ARE...

---

Our training programs were created carefully by using a variety of learning styles, convenient for all sales representatives. We are an automotive sales training company that helps the dealerships by improving their staff's morale, increasing productivity and therefore leading to lower turnover. This training was created to empower and drive your sales team by using the procedures and best practices for today's industry's. Our training will not only benefit newly hired staff but also the most experienced team members.

### Our Profession

Matthew Horner is the Owner/CEO of KarAdvize. In this role, Matthew specializes in helping the dealerships train their team.

Matthew has more than 10 years of being an experienced qualified car salesman and holds certifications from the top manufacturers in the world. During his ten-year venture in the car industry Matthew has lead, trained and implemented new ideas in the car market.

Starting KarAdvize in 2018, Matthew educates the sales representative by working one on one with the dealership by having complete product knowledge and vital information that the team members must know in order to make improve their process.
