### WHAT IS YOU ARE BEAUTIFUL?

You Are Beautiful started as a passion project in 2002 with 100 stickers, with a goal to help people feel better every day. The project was run (and all orders were shipped) out of a two car garage until 2018. YAB HQ was then opened in Chicago, offering a retail store front (open to the public daily), as well as housing our studio where we build our installations. We are extremely grateful for the global community who has supported this message, and helped spread millions of stickers, art murals, & installations far and wide - all with the goal to add a little positivity to the world.
