Subject: CPS School Lettering and Potential Project Collaboration

Message: Good afternoon!

My name is Megan Faherty. I teach preschool at Schubert Elementary School in the Belmont Cragin neighborhood. I am not entirely sure how your commissioned pieces go, but I am looking to find school lettering for our outer fences with the name of our school. Also, we study kindness throughout the year and I would love to invite the children to come up with a message (with "You Are Beautiful" as a starting point) to add on the outside, possibly in Spanish as that fits our community.

Of course I would be happy to try to **raise money for a commissioned** piece, so please let me know if there is anything that you can tell me about pricing. I would LOVE if there were any way to have the children be involved at all, in the spreading of kindness and the art project itself, maybe using their drawings on the letters? Or if you would be willing to come in and talk with them about your work and process. (I'm sure you are very busy but just in case:))

Thank you in advance for your time and attention. We look forward to hearing from you!
