Hi!

I'm writing to inquire about a possible mural/installation in Milwaukee. I work for a real estate development company with a lot of blank canvas, and we've worked closely with street artists to beautify our city (<https://blackcatmke.com/>). Having lived in Andersonville, one thing I really miss is your positive message always greeting me on my day. I'd love to start a conversation about how we can bring your beauty to MKE.

Cheers,
