Yes, yes and yes! This is absolutely my favorite lubricant! I've tried so many, and they are all messy, leave you feeling all sticky and you feel like you have to wash your hands and other parts of your body frequently. This lubricant is like no other! It feels so smooth, so pleasant, I can compare it to high-quality body oil. Sex is definitely better with it. My partner and I love it! We were so sad when our first bottle finished, and I had to rush and buy another one on Amazon. Now I will be subscribing to a bimonthly delivery to always have it on hand. It is so good, you're going to want

Works as advertised! My biggest gripe regarding personal lubes is how grossly sticky the water-based ones get in short order! Yuck! This silicone-base Penchant Lube is: "My new favorite lube!" No stickiness here!! At all! In fact, after you're done (either solo or with partner) the genital skin is very silky smooth (no longer slippery), but really nice! I've even found that having a little bit of dried residual product on my fingers makes for smoother sliding on the fretboard of my guitar!! Who knew it would be helpful outside of the bedroom as well!!!!

Well, THIS product has been an immediate success! As a post-menopausal female, I needed help to avoid soreness during intimacy. After using a different, and I thought, reasonably effective product, I decided to try this. No comparison. Immediate improvement. I feel like a younger version of myself, even though I do not look that way, hahah
