## Logistics

EMCO Chemical Distributors Logistics is a combination of Customer Service, Inventory Management, Operations and Transportation. All of these departments work together to guarantee that our customers receive unsurpassed service each and every time. EMCO maintains a transportation fleet consisting of 31 tractor trailers, and 29 tankers that provide delivery service throughout the continental United States. In most cases we can guarantee next day service in the Midwest. For more information, please contact us at 1-262-427-0400 or [Information@emcochem.com](mailto:Information@emcochem.com).
