Technical Services

EMCO's Technical Services can provide our customers with technical assistance and valuable solutions to fit their needs. Technical Services can assist you with chemical information and processing issues, in addition to regulatory information and other technical matters. In certain cases we can also provide reverse engineering of materials, and physical and chemical testing. EMCO Chemical Distributors, Inc. maintains 3 fully staffed labs covering all hours of operations at our locations in:

- North Chicago, Illinois
- Pleasant Prairie, Wisconsin
- MOZEL- Columbia, Illinois - located 20 miles SE of St. Louis
