Testing Capabilities

EMCO Chemical Distributors, Inc. maintains three fully staffed labs covering all hours of operation.

Equipment:

- FTIR
- Ovens for non-volatiles testing
- Atomic Absorption
- Surface Tension
- Turbidimeter
- Brookfield viscometers, RVT & LVT
- APHA / Pt-Co & Gardner color equipment
- Rapid Flashpoint Tester
- Refractometer
- Automated Titrators
- Hygrometers
- & a wide array of wet lab capabilities
- GCs
- Moisture Analyzers (for non-volatiles)
- Accumet pH meter
- UV/Vis Spectrometer
- Mettler & Sartorius scales with 0.0001 g accuracy
- Ford & Zahn viscometer cups
- Karl Fischer / Aquatesters
- Distillation Column
- Densitometer
- Torque Meters
- UV-Visible Spectrophotometer
