# Honeywell ComfortTemp™ 4 DX Ceramic Tower Heater

Model HCE645W Color White

Size W 8.00 " x H 23.40 " x L 8.00 "

Room Size Medium to Large

Experience multiple layers of comfort with the ComfortTemp™ 4 DX Ceramic Heater. The dynamic interaction between the ceramic heating elements and varying fan speeds allows this heater to offer 4 gradually increasing heat levels. When you want to feel Gentle Warmth, Cozy or Toasty, simply select your desired level and the heater will self-regulate to deliver comfort like you want it. There is even a Heat Blast setting to quickly heat your space, helping you create your own personal retreat.

You can customize your heating experience further with a timer function, oscillation, and auto-dimming lights. Additionally, this heater has been enhanced to include an optional SafeGuard® Auto Shut-Off feature that will automatically shut the heater off in case you forget. An additional feature is the Dual SafeGuard® Motion Sensors that shut the heater off if objects get too close, and it will turn back on once the objects have been moved. This DX model also includes a convenient remote control. The ComfortTemp™ 4 DX Ceramic Heater provides soothing comfort when and how you need it.

## Product Features

4 intuitive heat settings: Gentle Warmth, Cozy, Toasty or Heat Blast
