

RJENK67.049TUS  
Serial No.: 88350864

Mark: The logo for CRYO ABLATION features a stylized circular icon on the left, resembling a cryoablation probe or needle tip, with the word "CRYO" in a smaller font above the word "ABLATION".

The following amendment and response are in response to the first Office Action.

## AMENDMENT

### 1. Identification of Goods

Please amend the Identification of Goods to read as follows:

Apparatus for the treatment of cancer; surgical and medical apparatus for the ablation of tissues; medical apparatus and instrument for diagnostic use, namely, apparatus for medical diagnostic testing in the fields of cancer; Surgical, medical and medical diagnostic devices, apparatus and instruments for use in cryoablation; Surgical, medical and medical diagnostic devices, apparatus and instruments for use in ablating tissues; Medical devices for performing cryotherapy; Medical devices for performing microwave ablation; Medical devices for performing radiofrequency ablation; Medical devices for freezing tumours; Minimally invasive surgical devices for treating cancerous and benign tissues; Minimally invasive surgical devices for ablating tissues; Medical devices for delivering heat to the tip of a needle; Needles for medical purposes, namely, cryoablation needles; Needles for medical purposes, namely, microwave ablation needles; Needles for medical purposes, namely, radiofrequency ablation needles; Cryoablation needles for medical purposes; Microwave ablation medical apparatus; Radiofrequency ablation medical apparatus; Medical devices and medical electronic systems for the analysis of tumours; Medical devices and medical electronic systems for the analysis of tissues; Tissue ablation medical apparatus for use with microwave treatments; Tissue ablation medical apparatus for use with radiofrequency treatments; Medical apparatus consisting of treatment probes and high pressure valves used for heat or freeze treatment and component parts thereof; Medical apparatus, namely, integrated medical diagnostic systems to predict ice ball propagation and isotherms within a tissue for medical diagnosis and component parts thereof; Medical apparatus, namely, integrated medical diagnostic systems to give location of given needles for medical diagnosis and component parts thereof; Medical apparatus, namely, integrated medical treatment systems for use in any cryoablation medical procedure and comprised of medical devices, a gas supply unit, cryoablation needles and thermal sensors being component parts thereof; Medical apparatus, namely, integrated medical treatment systems comprising medical devices and a cryoablation unit to predict ice ball propagation and isotherm for cryoablation medical procedures and component parts thereof; Medical apparatus, namely, integrated medical treatment systems comprising medical devices and a cryoablation unit for

delivering cold temperatures to tissues for medical purposes and component parts thereof; Medical apparatus, namely, integrated medical treatment systems comprising medical devices and a cryoablation unit for delivering microwaves to tissues for medical purposes and component parts thereof; Stands and trolleys for use with medical devices; Mobile and portable stands and trolleys for medical devices; Mobile stands and trolleys for medical devices for performing cryotherapy; Mobile stands and trolleys for medical devices for performing microwave ablation; Mobile stands and trolleys for medical devices for performing radiofrequency ablation; Parts and fittings for all the aforesaid goods in Class 10.

## **2. Disclaimer**

Please make the following designation of record:

**No claim is made to the exclusive right to use “CRYOABLATION” apart from the mark as shown.**

### **RESPONSE**

#### **1. Recitation of Goods in Class 10**

The Examining Attorney requested that Applicant amend the Identification of Goods. Accordingly, Applicant has amended the Identification of Goods as indicated herein.

#### **2. Disclaimer**

The Examining Attorney requested that Applicant disclaim the word “CRYOABLATION”. Accordingly, Applicant has amended the application to include the disclaimer.

### **CONCLUSION**

In light of the amendments, remarks, and information set forth above, Applicant respectfully submits that the application is now in condition to be passed to publication. In the event the Examining Attorney has any additional questions which can be addressed through an Examiner’s Amendment, the Examining Attorney is requested to contact the undersigned at the number written below.

Respectfully submitted,  
KNOBBE, MARTENS, OLSON & BEAR, LLP
