GOLD COAST K9'S MISSION

Gold Coast K9 trains and develops best-in-class home protection and service dogs. Home companion and protector, specialized corporate program, or top-tier military or police service animals, we specialize on providing the dog that meets your exact needs.

We test and measure critical biometric and ability areas and ensure our dogs are extremely well balanced, sociable, and vigilant. We are committed to providing every client with the best possible solution, every time!

All Gold Coast canines are hand selected and checked for health defects during our extensive screening process. In addition, our conditioning and training program includes constant assessments and reviews to ensure our canines are healthy, strong, and ready for their new life. Our team works with the top breeders throughout the world and we have the utmost confidence in the bloodlines and stable temperament of every one of our canines. Gold Coast K9 will always warranty overall fitness for one year. If the service dog is deemed not healthy by a veterinarian due to a genetic fault, Gold Coast K9 will provide the buyer with another suitable service dog.

Moreover, if at any time during the first year there are any issues with the dog and its performance or fit within your environment, the buyer can do a one-time exchange of the service dog for another of equal or lesser value. Gold Coast K9 always works with and supports our loyal and repeat customers and will consider each situation on a case-by-case basis. Our goal is to always ensure you are satisfied and comfortable with your chosen canine protector and companion.
