RE: Office Action

The examiner has found no registered or pending marks that are conflicting so as to bar registration of the present application under 15 USC 1052(d).

However, the examining attorney indicated an amended description of the mark as the current description is not complete and does not describe all of the significant aspects of the mark.

Applicant amends and adopts the following description of the mark:

**The mark consists of the stylized word “AVANT” presented in a vertical orientation with the middle letter “A” represented by a triangle with a circle creating the inside line in the letter.**

The undersigned attorney, acting pursuant to Power of Attorney given by applicants and being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001, and that such willful false statements may jeopardize the validity of the application or any resulting registration, declares that the facts set forth in this application are true; all statements made of his/her own knowledge are true; and all statements made on information and belief are believed to be true.
