Florida Man

A **key word** used a lot to describe all the weird news stories about random Floridians committing weird and **dumb crimes**, due to the state law regarding freedom of press about the fact that every police or court case must be public. Most of these weird stories, however, are related to white Florida men, the police and drugs. Due to this, this is why people outside Florida hate Florida. Can also be used as **Florida Woman**.

Examples:
- Florida Man lights off fireworks inside Wendy's restaurant
- Florida Man caught watching solar eclipse while stealing car
- Florida Man swings 4ft alligator towards customers
- Florida Man attempts to steal car that isn't working until police arrived
- Florida Woman arrested for pelting brother with chicken nuggets
- Florida Man bites head off hamster
