INFORMATION ABOUT SPECIMENS

To the Commissioner of Trademarks:

The Applicant hereby states and promises that the specimen is not created for submission and the mark is actually used in commerce. The specimens show applicant's product as it is currently being sold to consumers. Applicant's goods with proposed mark "DELATANUS" have been sold on amazon (<https://www.amazon.com/>) and the goods has been purchased by consumers since June 27,2018. Please check the website links and the attached screenshot of webpage from amazon below:

Plastic labels (\$8.39 Per Item):

https://www.amazon.com/dp/B07DSXL1MX?ref=myi_title_dp ;

The Applicant does have a basis for claiming rights in the mark " DELATANUS " because applicant has used the mark in connection with the goods as listed in its trademark application. Applicant applied for " DELATANUS " to reserve rights in the mark, as applicant has used the mark in commerce.

WHEREFORE, Applicant respectfully requests that Refusal under Trademark Act Sections 1 and 45 be withdrawn and the subject mark be approved for registration and publication.

Delatanus 200PCS Plant Labels 4.7inch Plant Markers,White

by Delatanus
★★★★☆ 45 ratings | 4 answered questions
Amazon's Choice for "plant markers plastic"

List Price: ~~\$10.99~~
Price: **\$8.39** + No Import Fees Deposit & \$6.21 Shipping to China Details
You Save: **\$2.20 (21%)**

- Plant markers size: Length 4.7 x Width 0.5 inch. Thickness: 1mm. Package include: 200pcs plant markers
- These plant labels are thicker than many other stakes make them easier to push into containers, and won't break when you shove them down into the soil
- Slightly textured on one side that makes the plant labels easy to write on with pencil, permanent marker or sharpie marker
- These plant tags are made of sturdy and durable plastic, will not rust like metal tags and not rot as wooden tags
- The little hole can be used to attach them to wood, corkboard, etc with a wire. Great for keeping track of all your seeds and plants
