SYNONYMS ▾

apparatus

This apparatus is intended to carry only one person (the operator).

With this apparatus the message was registered at the rate of six words a minute.

Wheatstone and he obtained a considerable sum for the use of their apparatus.

This was the first apparatus which printed a telegram in type.

But the apparatus failed as a practical means of talking to a distance.

In a few minutes he was standing in the experimental-room, and the apparatus was explained.
